REMARKS**Present Status of the Application**

The Office Action mentions that the title of the invention is not descriptive, and a new title is required that is clearly indicative of the invention to which the claims are directed. The Office Action rejects claims 1, 3, 4 and 5 under 35 U.S.C. 103(a) as being unpatentable over Tsai et al. (US Pregrant Publication 2003/0201521), rejects claims 9 and 10 under 35 U.S.C. 103(a) as being unpatentable over Tsai et al. (US Pregrant Publication 2003/0201521) in view of Macric (US 2002/0033189), and rejects claims 21-24 and 26 under 35 U.S.C. 103(a) as being unpatentable over Tsai et al. (US Pregrant Publication 2003/0201521). Claims 13-20 are allowed. Claim 2, 6-8, 11, 12, 25, 27-29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Upon entry of the amendments in this response, the title of the invention is amended as "CHIP PACKAGE STRUCTURE WITH GLASS SUBSTRATE", claims 1 is amended, and claims 2, and 21-29 are canceled without prejudice, waiver, and disclaimer. Claim 1 is amended by incorporating the limitations of the original claim 2, and claim 2 is thus canceled. Hence, claims 1, 3-20 remain pending in the present application, with claims 1 and 13 being independent claims. Thus, reconsideration of those claim is respectfully requested.
